

LARGE FORMAT PRINTER INKS

EMPOWERING PROFESSIONALS WITH
EXCEPTIONAL COLORS

ABOUT **SPLASHJET**[®] LARGE FORMAT INKS

We offer compatible ink solutions for large-format printers since 2006. Splashjet LFP inks deliver closely matching color performance & print quality as of OEM inks. The inks are made with high-quality colorants and performance chemicals, which undergo through extensive quality checks. Rigorous quality control during production ensures that Splashjet inks offer you the highest level of consistency.

Our LFP inks undergo through extensive application-specific performance tests in our in-house application lab. Various properties such as colorant tones, gamut, media adhesion, sharpness, and fade-resistance are verified. Splashjet inks offer reliable performance for a wide range of applications ranging from Professional Photography, Graphic Arts, Signages, CAD & GIS Drawings & Art Reproduction.

01. Quality Print Performance

- ◆ Excellent Color Retention
- ◆ Closely Matching Color Gamut to OEM
- ◆ Chromatically Matching Colorants

02. Reliable Results

- ◆ Excellent Application Performance
- ◆ OEM Matching printhead life
- ◆ Superior Decap Behaviour

03. Precise & Long - Lasting Prints

- ◆ Improved Fade & Ozone Resistance
- ◆ Sharp prints with no intercolor bleeding
- ◆ Precise Color Saturation/ Collaboration

04. Media Compability

- ◆ Quick dry time
- ◆ Strong Adhesion
- ◆ Scratch & Rub resistant prints

05. Consistency

- ◆ No Batch to Batch variation
- ◆ Rigorous Quality Control
- ◆ High stability - Long Strong Life

06. Superior Chemistry

- ◆ Advanced Pigment Dispersion Technology
- ◆ High-purity dyestuff with ultra-low salt content
- ◆ Precise ink formulation matching OEM inks

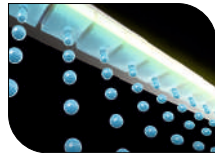

INKS FOR CANON

LARGE FORMAT PRINTERS

Our high performance inks are specially designed for Canon IPF series printers. These inks are fine tuned to match the stringent Canon print-head specifications. These inks offer closely matching color gamut, print life & quality. Splashjet offers highly chromatic pigment based inks for color brilliance comparable to OEM inks.

KEY FEATURES

High Performance Inks

Smooth Gradation

Zero Metamerism

Wide Media Compatibility

INKS FOR PHOTOLABS

NORITSU / FUJI / EPSON

A select range of high-quality Photo Dye inks are offered by Splashjet for use with Inkjet Photo Labs. These inks offer close matching color gamut to the OEM inks. Thanks to matching chemical and physical attributes, these inks offer excellent print clarity, capture all the highlights and print highly saturated images with ease. The inks ensure similar level of user experience as that of the OEM inks.

The inks are made with high quality dyes with enhanced light & ozone fastness, ensuring no compromise with the print life. Made with premium quality additives, the inks offer consistent quality and highly reliable nozzle performance, necessary for professional environment.

KEY FEATURES

Accurate Skin Tones

Smooth Color Gradation

Vibrant Colors

Fast Drying Inks
