# DTG PIGMENT INK

## FOR DIRECT TO GARMENT PRINTING

Splashjet offers inks for the Screen Digital Hybrid DTG printers & DTG printers. The inks are fine-tuned to offer the versatile performance required by the DTG inks. Thanks to the robust formulation and advanced polymeric binder, the inks offer excellent adhesion on cotton, linen, denim, viscose, polyesters & blends. The inks offer highly reliable nozzle performance thereby increasing the productivity. Exceptional stability further adds to the reliability of the inks. The inks are ideal for printing on t-shirts, hoodies, garments, and cut panels.

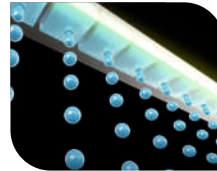

### KEY FEATURES

Vibrant Color Prints

Superior Wash & Rub Fastness

Excellent Jet-ability

Wet-On-Wet Performance

SR	ITEM	COMPATIBILITY	PACKAGING	DESCRIPTION

# DTF PIGMENT INK

## FOR DIRECT TO FILM PRINTING

Splashjet brings you a range of premium inks for all your DTF applications. Compatible with all popular printers and films, these inks provide excellent wash and rub characteristics while ensuring a softer hand feel and good stretchability. It has good resistance to soap and water, has a high rate of adhesion and transfer, and prints consistently well. Being printer-specific, you can now get excellent prints without worrying about nozzle clogs. DTF transfers can be applied on a variety of substrates such as cotton, polyester, denim, and blend fabrics.

### KEY FEATURES

**Brilliant Color Performance**

**Excellent Wash Fastness**

**Nozzle & Printhead Reliability**

**Superior Stretchability**
