

DTG PIGMENT INK

FOR DIRECT TO GARMENT PRINTING

Splashjet offers inks for the Screen Digital Hybrid DTG printers & DTG printers. The inks are fine-tuned to offer the versatile performance required by the DTG inks. Thanks to the robust formulation and advanced polymeric binder, the inks offer excellent adhesion on cotton, linen, denim, viscose, polyesters & blends. The inks offer highly reliable nozzle performance thereby increasing the productivity. Exceptional stability further adds to the reliability of the inks. The inks are ideal for printing on t-shirts, hoodies, garments, and cut panels.

KEY FEATURES

Vibrant Color Prints

Superior Wash & Rub Fastness

Excellent Jet-ability

Wet-On-Wet Performance
